

Spectacular!

1 race, 3 different philosophies!

*“The Race”,
a race based on speed: the fastest wins*

*“Regularity”,
a race based on timed sections: the strategy wins*

Paris 2011
This year again the préstart will take place in Paris.

4x4
All kind of 4x4's at the start line: from Landrover to FJ Cruiser to Bowler.

Buggies
In 2010 the first buggy appeared in the race.

Bikes
Bikers always enjoy the dunes very much.

Quads
For quads Africa is one big playground.

Who never had the dream of taking part in the legendary Paris-Dakar which begins at the Eiffel Tower in Paris and ends, 15 days later, at the famous Lac Rose (Pink Lake) in Dakar? A “once in a lifetime” experience crossing a wide desert, oceans of sand, a sun set on the beach and dinner under a starry sky in the middle of dunes.

The originality of Heroes Legend is that everyone can enjoy their own experience at their own pace or test themselves to the limit. The second originality is the concept of this event : compete per team or individually, with any type or brand of motorbike or car.

Those 2 points make Heroes legend a unique event: sharing, travelling, discovering, competing, and unforgettable experiences through the 5 countries crossed by the event.

Your goal is to reach Dakar but also to experience all the intensity of this adventure to Dakar with a professional organisation and a high safety level

Heroes Legend offers you several opportunities to enjoy the adventure: A race following a legendary route from Paris to Dakar, with an Open or Classic category.

2 Levels of difficulty are available offering the possibility to the experienced or beginner riders to enjoy the rally at their own pace according their physical capabilities, their wishes or their machinery.

If you participate in a team, you can relay a rider during the day.

RACE TO DAKAR 2011

NEW FOR THE 2011 EDITION :

•3 different ways to enter the rally

1-THE RACE , a real race based on speed: the fastest wins

2-THE REGULARITY, a real regularity race based on pre timed sections: the competitor who maintains the best average speed wins

3-BIVOUAC-BIVOUAC «touring» category open for those who want to discover Africa on tarmac roads enjoying the atmosphere of the rally. Also open to the service vehicles for competitors.

•A GPS “Unik”. All the participants will be equipped with the same GPS downloaded by the organization. This GPS will allow “to intensify” the navigation and the surprises ... but always the possibility for the beginners to unlock it and get more waypoints.

•A new route with a first bivouac in Marrakech far from the known rally tracks. Faster to the desert !

• One-week formula. If you cannot get away for 2 weeks, there is an opportunity to enjoy the first 6 days of the rally.

Safety

Medicals
Accidents can happen...that's why our rallye will be accompanied by professional medicals. They have a helicopter at their disposal at all times so they will be where they are needed very quickly.

Insurance
Included in the entry fee is an insurance for repatriation and health care. Also for liability on the open road.
You won't find another rallye where these things are as good organised as with Heroes Legend.
