Heroes Legend 2009, is the opportunity to make that your dream comes true: reach Dakar on your bike or in your 4x4 along a "legendary route" that made more than one of you dreaming.

Heroes Legend is made for those who are looking for adventure, those who want to defy the desert and live this adventure riding a motorcycle or driving a 4x4.

This event is a response to most "professional" races organised today, which have become financially unaffordable and physically insurmountable for an amateur pilot.

Heroes Legend is a response to all those have told themselves one day:
"Some day, I will go to Dakar by motorcycle or by 4x4 !"

Don't wait any longer and join the Adventure !
