Partnership with the city of Montauban

Montauban (France, south western) will organize the technical checks of the vehicles and the warm up tour before Africa.

In the purest tradition of the Dakar, after the picture at the Eiffel Tower in Paris, and the crossing of France, the rally will stop in Montauban, on the legendary National 20 on October 14th.

After the technical checks on October 15th, the city center will welcome the closed park which will group all the vehicles of the rally. On October 16th the warm up tour of the the participants will take place in the municipality of Montauban.

Thanks to Team Project to have made possible this partnership
